

Eighty-Sixth Regular Session

WEDNESDAY, April 18, 1984

The chief clerk makes the following entries under the above date.

PETITIONS AND COMMUNICATIONS

State of Wisconsin
Department of Health and Social Services
March 23, 1984

To the Honorable the Legislature

The purpose of this report is to comply with the terms of Section 2020(33) of 1983 Act 27. That section reads as follows:

(33) FOSTER HOME PLACEMENT STUDY. The department of health and social services shall investigate the financial savings to this state and to counties that would result from removing children and adults from institutions, nursing homes and hospitals and placing them in foster homes, and from preventing the institutionalization of children and adults through the use of foster home placements, and shall also determine if the current foster care rates, including maintenance, supplemental and exceptional payments, are adequate to encourage residents of this state to become foster parents for children and adults who require exceptional foster care services. The department of health and social services shall report its findings and determination to the presiding officer of each house of the legislature by January 1, 1984.

To comply with this requirement, the Department requested Representative Bell to chair a Foster Home Placement Study Committee. The attached report was developed by that committee. The Department is presently considering a number of 1985-87 budget initiatives in foster care designed to respond to some of the problems addressed in this study.
